We had a fantastic market today with excellent consignments and strong buyer participation, selling a total of 217 head. Packer cattle performed well, with prices holding steady compared to last week, and a good number of Packer dairy cattle were in the mix, with more expected next week. Packer bulls saw a slight decline from last week. Feeder cattle had a solid showing, though numbers were a bit lighter, with feeder steers maintaining steady pricing and 5-weight cattle seeing an increase compared to last week, while heifers remained mostly steady. Bred cows sold exceptionally well, with strong quality and an increase in prices. We also had a fantastic offering of pairs, which we haven't seen in a while, and they performed very well.

We appreciate the continued support from our consignors and buyers and look forward to keeping the momentum going. If you're considering consigning with us, please reach out so we can gather all the necessary information and begin marketing your cattle to their highest potential.
