We had a fantastic market today with excellent consignments and strong buyer participation, selling a total of 207 head. Packer cattle performed very well, with prices seeing a strong increase compared to last week. Packer bulls had a light showing but maintained solid demand, while packer dairy cows had a great market with around 100 head consigned, resulting in an increase in prices.

Bred cows and pairs had a light test this week. Feeder cattle also had a lighter showing, which didn't provide a strong market test, but the overall quality remained solid.

Overall, it was a strong market with steady demand across multiple categories.

We appreciate the continued support from our consignors and buyers and look forward to keeping the momentum going. If you're considering consigning with us, please reach out so we can gather all the necessary information and begin marketing your cattle to their highest potential.
